ATTACKS				
NAME	ATK/DC	DAMAGE	RANGE	NOTES
Dragon Fear	WIS 14	—	30 ft	Instead of exhaling destructive energy, you can expend a use of your Breath Weapon trait to roar, forcing each creature of your choice within 30 feet of you to make a Wisdom saving throw (DC 8 + your proficiency bonus + your Charisma modifier). A target automatically succeeds on the save if it can't hear or see you. On a failed save, a target becomes frightened for 1 minute. If the frightened target takes any damage, it can repeat the saving throw, ending the effect on itself on a success.
Breath Weapon	DEX 14	2d10 fire	30 feet	When you take the Attack action on your turn, you can replace one of your attacks with an exhalation of magical energy in either a 15-foot Cone or a 30-foot Line that is 5 feet wide (choose the shape each time). Each creature in that area must make a Dexterity saving throw (DC 8 plus your Constitution modifier and Proficiency Bonus).
Unarmed Strike	+6	4 bludgeoning	5 ft.	Instead of using a weapon to make a melee weapon attack, you can use an unarmed strike: a punch, kick, head-butt, or similar forceful blow (none of which count as weapons). On a hit, an unarmed strike deals bludgeoning damage equal to 1 + your Strength modifier. You are proficient with your unarmed strikes.

WEAPON MASTERIES				
NAME	APPLIES	DAMAGE	NOTES	
Warhammer +1	On Attack	Push	Custom — The Push property allows you to push a creature of large or smaller size up to 10 feet away in a straight line. Perfect for characters needing a little breathing room to pull off a ranged attack or disengage.	
Javelin	On Attack	Slow	Custom — The Slow property allows you to reduce a creature's Speed by 10 feet until the start of your next turn, so long as you deal damage to that creature with your weapon. Buy your ranged party members some time and keep your enemies at bay thanks to this highly tactical weapon property.	
Longsword	On Attack	Sap	Custom — With the Sap property, landing an attack on an enemy can inflict disadvantage on their next Attack Roll before the start of your next turn. It's an excellent pick for those who tend to go early in the turn order	
ACTIONS				
NAME	NOTES			
Bardic Inpiration	Once within the next hour when the creature fails a D20 Test, the creature can roll the Bardic Inspiration die and add the number rolled to the d20, potentially turning the failure into a success. A Bardic Inspiration die is expended when it's rolled.			
Faithful Steed	Always have Find Steed prepared. Can cast it once without expending a spell slot; regain after Long Rest. Find Steed (Free Cast) 			
Conquering Presence	You can use your Channel Divinity to exude a terrifying presence. As an action, you force each creature of your choice that you can see within 30 feet of you to make a Wisdom saving throw. On a failed save, a creature becomes frightened of you for 1 minute. The frightened creature can repeat this saving throw at the end of each of its turns, ending the effect on itself on a success. Channel Divinity  			
Actions in Combat	Attack, Dash, Disengage, Dodge, Help, Hide, Influence, Magic, Ready, Search, Study, Utilize			

BONUS ACTIONS	
NAME	NOTES
Summon Knight's Fellowship Spirit	Summon a warrior spirit in an unoccupied space within 30 ft. Uses the knight stat block. Shares my initiative, acts immediately after me, obeys commands with no action. Lasts 1 minute or until reduced to 0 HP. 1 use, recharges at dawn. Knight's Fellowship Summon ◇
Draconic Flight	Sprout spectral wings for 10 minutes. Gain Fly Speed equal to Speed. Ends early if retracted or Incapacitated. 1/Long Rest. Draconic Flight ◇
Paladin's Smite	You always have the Divine Smite spell prepared. In addition, you can cast it without expending a spell slot, but you must finish a Long Rest before you can cast it in this way again. Free Divine Smite ◇
Divine Sense	As a Bonus Action, you can open your awareness to detect Celestials, Fiends, and Undead. For the next 10 minutes or until you have the Incapacitated condition, you know the location of any creature of those types within 60 feet of yourself, and you know its creature type. Within the same radius, you also detect the presence of any place or object that has been consecrated or desecrated, as with the Hallow spell.
Lay On Hands	Your blessed touch can heal wounds. You have a pool of healing power that replenishes when you finish a Long Rest. With that pool, you can restore a total number of Hit Points equal to five times your Paladin level. As a Bonus Action, you can touch a creature (which could be yourself) and draw power from the pool of healing to restore a number of Hit Points to that creature, up to the maximum amount remaining in the pool. You can also expend 5 Hit Points from the pool of healing power to remove the Poisoned condition from the creature; those points don't also restore Hit Points to the creature. Healing Pool <u> 15 </u> / <u> 25 </u>

REACTIONS	
NAME	NOTES
Reactions in Combat	Opportunity Attack
Interception	When a creature you can see hits a target, other than you, within 5 feet of you with an attack, you can use your reaction to reduce the damage the target takes by 1d10 + your proficiency bonus (to a minimum of 0 damage). You must be wielding a shield or a simple or martial weapon to use this reaction.

NAME	NOTES
Guided Strike	You can use your Channel Divinity to strike with supernatural accuracy. When you make an attack roll, you can use your Channel Divinity to gain a +10 bonus to the roll. You make this choice after you see the roll, but before the DM says whether the attack hits or misses.

CANTRIPS & SPELLS

LVL	NAME	RANGE	V R	S C	M C	NOTES
1	Compelled Duel Bonus Action	30 feet	V	S	M	You try to compel a creature into a duel. One creature that you can see within range makes a Wisdom saving throw. On a failed save, the target has Disadvantage on attack rolls against creatures other than you, and it can't willingly move to a space that is more than 30 feet away from you. The spell ends if you make an attack roll against a creature other than the target, if you cast a spell on an enemy other than the target, if an ally of yours damages the target, or if you end your turn more than 30 feet away from the target.
1	Wrathful Smite Bonus Action	Self	V	S	M	The next time you hit with a melee weapon attack during this spell's duration, your attack deals an extra 1d6 psychic damage. Additionally, if the target is a creature, it must make a Wisdom saving throw or be frightened of you until the spell ends. As an action, the creature can make a Wisdom check against your spell save DC to steel its resolve and end this spell.
1	Shield Of Faith Bonus Action	60 ft	V	S	M	When cast, Shield of Faith grants a +2 bonus to Armor Class (AC) to one creature within range for as long as the caster maintains concentration, up to 10 minutes. This protection manifests as a faint, shimmering aura that surrounds the target. The spell does not stack with other effects that provide bonuses to AC of the same type but can complement existing armor or shield bonuses.
1	Armor of Agathys Action	Self	V	S	M	A protective magical force surrounds you, manifesting as a spectral frost that covers you and your gear. You gain 5 temporary hit points for the duration. If a creature hits you with a melee attack while you have these hit points, the creature takes 5 cold damage.
1	Command Action	60 ft	V	S	M	You speak a one-word command to a creature you can see within range. The target must succeed on a Wisdom saving throw or follow the command on its next turn. The spell has no effect if the target is undead, if it doesn't understand your language, or if your command is directly harmful to it. Some typical commands and their effects follow. You might issue a command other than one described here. If you do so, the DM determines how the target behaves. If the target can't follow your command, the spell ends. Approach: The target moves toward you by the shortest and most direct route, ending its turn if it moves within 5 feet of you. Drop: The target drops whatever it is holding and then ends its turn. Flee: The target spends its turn moving away from you by the fastest available means. Grovel: The target falls prone and then ends its turn. Halt: The target doesn't move and takes no actions. A flying creature stays aloft, provided that it is able to do so. If it must move to stay aloft, it flies the minimum distance needed to remain in the air.
1	Divine Smite Bonus Action	Self	V	S	M	Bonus Action, which you take immediately after hitting a target with a Melee weapon or an Unarmed Strike. The target takes an extra 2d8 Radiant damage from the attack. The damage increases by 1d8 if the target is a Fiend or an Undead.
2	Warding Bond Action	Touch	V	S	M	You touch another creature that is willing and create a mystic connection between you and the target until the spell ends. While the target is within 60 feet of you, it gains a +1 bonus to AC and saving throws, and it has Resistance to all damage. Also, each time it takes damage, you take the same amount of damage. The spell ends if you drop to 0 Hit Points or if you and the target become separated by more than 60 feet. It also ends if the spell is cast again on either of the connected creatures.
2	Shining Smite Bonus Action	Self	V	S	M	The target hit by the strike takes an extra 2d6 Radiant damage from the attack. Until the spell ends, the target sheds Bright Light in a 5-foot radius, attack rolls against it have Advantage, and it can't benefit from the Invisible condition. Using a Higher-Level Spell Slot. The damage increases by 1d6 for each spell slot level above 2.
2	Hold Person Action	60 feet	V	S	M	Choose a Humanoid that you can see within range. The target must succeed on a Wisdom saving throw or have the Paralyzed condition for the duration. At the end of each of its turns, the target repeats the save, ending the spell on itself on a success. At Higher Levels: Using a Higher-Level Spell Slot. You can target one additional Humanoid for each spell slot level above 2.
2	Find Steed Action	30 feet	V	S	M	You summon an otherworldly being that appears as a loyal steed in an unoccupied space of your choice within range. This creature uses the Otherworldly Steed stat block. If you already have a steed from this spell, the steed is replaced by the new one. Roll20 Note: In the VTT, you can access the Otherworldly Steed stat block by navigating to the Compendium tab of the right-hand sidebar and searching for Otherworldly Steed in the Monster category. Ensure the source is 'Player's Handbook (2024)' and drag and drop the chip onto an empty spot on the VTT. The DM may need to assign the sheet to you. In Roll20

LVLNAME	RANGE	V S M R C	NOTES
			Characters, you can open a new Character and use the Compendium in the same way to drag and drop the sheet directly onto the character sheet. Be careful not to drag and drop onto the spellcaster's character sheet as it will overwrite. The steed resembles a Large, rideable animal of your choice, such as a horse, a camel, a dire wolf, or an elk. Whenever you cast the spell, choose the steed's creature type—Celestial, Fey, or Fiend—which determines certain traits in the stat block. Combat. The steed is an ally to you and your allies. In combat, it shares your Initiative count, and it functions as a controlled mount while you ride it (as defined in the rules on mounted combat). If you have the Incapacitated condition, the steed takes its turn immediately after yours and acts independently, focusing on protecting you. Disappearance of the Steed. The steed disappears if it drops to 0 Hit Points or if you die. When it disappears, it leaves behind anything it was wearing or carrying. If you cast this spell again, you decide whether you summon the steed that disappeared or a different one. At Higher Levels: Using a Higher-Level Spell Slot. Use the spell slot's level for the spell's level in the stat block.
2 Spiritual Weapon Bonus Action	60 feet	V S M R C	Upon casting Spiritual Weapon, the caster creates a glowing, spectral weapon—often resembling the deity's favored armament—within range. The caster can make a melee spell attack against a creature within 5 feet of the weapon on the same bonus action used to cast it. The weapon deals force damage equal to 1d8 + the caster's spellcasting ability modifier. On subsequent turns, the caster may use a bonus action to move the weapon up to 20 feet and repeat the attack.
2 Aid Action	30ft	V S M R C	Choose up to three creatures within range. Each target's Hit Point maximum and current Hit Points increase by 5 for the duration. Using a Higher-Level Spell Slot. Each target's Hit Points increase by 5 for each spell slot level above 2.

If you hit a creature with this weapon, you can push the creature up to 10 feet straight away from yourself if it is Large or smaller.				<i>Heavy · Gear · Proficient · Heavy · Plate · Attuned</i> This gleaming set of silver-and-gold plate armor never tarnishes. While wearing this armor, you can use a bonus action to summon the spirit of a warrior to your aid. The spirit's corporeal form manifests in an unoccupied space of your choice within 30 feet of you, and it uses the knight stat block. The spirit disappears when it drops to 0 hit points or after 1 minute, whichever comes first. The spirit is an ally to you and your companions. In combat, the spirit shares your initiative count but takes its turn immediately after yours. Instead of exhaling destructive energy, you can expend a use of your Breath Weapon trait to roar, forcing each creature of your choice within 30 feet of you to make a Wisdom saving throw (DC 8 + your proficiency bonus + your Charisma modifier). This damage increases by 1d10 when you reach character levels 5 (2d10), 11 (3d10), and 17 (4d10).
